OHS are currently looking to expand their team of Fire Safety Professionals to provide Fire Risk Assessment and associated support services throughout the country. We are specifically searching for a keen and motivated individual to operate within the South East and South West region; hence the need for a clean driving licence is essential, with a willingness to travel throughout the area.

The ideal candidate must be able to demonstrate a thorough understanding of the Fire Safety Order 2005, familiar with the use of PAS 79 methodology and be able to provide advice and support in all aspects of compliance.

Additional experience although not essential in either General Health and Safety or Construction Safety would be a distinct advantage.
