

Health Safety and Environmental Management The Compliance Consultancy

Case Study

Health and Safety Consultancy Services – Broadwaters Inclusive Learning Campus (School)

Broadwaters learning campus will unify three primary schools and is due to open in 2012 providing first class, state of the art facilities including IT.

The inclusive learning campus forms part of Haringey Council's 12-year primary school strategy to raise educational standards for young people and is funded by central Government.

Housed on the site will be Broadwater Farm Primary School, Moselle and William C Harvey special schools, and a children's centre.

OHS is providing Health and Safety Consultancy during the new build phase, re-occupancy and reassurance inspections. stages

OHS provides comprehensive Training and is reviewing Fire Policy across the site

OHS offer R&D Surveys, Water Management (including Legionella) and Asbestos Management to the facility and a Senior **OHS** Health Safety and Risk Management Consultant specialising in Educational FM will advise the Broadwaters steering group throughout the project to its completion in February 2013 and beyond.
