

Health Safety and Environmental Management The Compliance Consultancy

Health Safety and Environmental Management The Compliance Consultancy

Case Study ghd

Overview: OHS Ltd have been Health, Safety & Environmental Consultants to ghd since 2001, which was the birth of the ghd brand. The ghd portfolio consists of a Head Office in Bridgewater, Leeds, a Warehouse and Call Centre facility in Silsden, and a Salon Support centre in Havant. OHS Ltd also assist ghd with their numerous academy hair salons throughout the United Kingdom & Eire. With an annual turnover of over £100m+ and named the "Fastest Growing Company" by the 2005 Sunday Times Fast Track, ghd has relied on OHS Ltd to guide the company with all aspects of Health, Safety & Environmental Legislation from the beginning.

Sector: Retail
Location: Nationwide
Project duration: Rolling annual contract

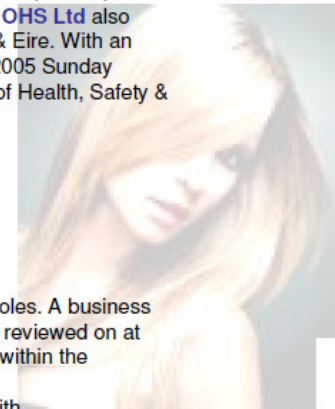

The OHS Role:

The partnership with ghd has evolved over the years, with OHS undertaking various roles. A business specific Health & Safety policy was written and implemented into the business, and is reviewed on at least an annual basis. A Risk Assessment manual, identifying the significant hazards within the business, was put together by OHS and implemented by ghd.

OHS carry out regular site audits at all of ghd's facilities and provide written reports with recommendations to assist ghd in achieving compliance with Health, Safety & Environmental legislation.

OHS meet with ghd at regular intervals throughout the year to discuss the programme of works and we take a pro-active role in taking part in ghd's Health & Safety Committee meetings.

OHS have identified and delivered training programmes such as Manual Handling to the Warehouse employees.
