Health Safety and Environmental Management The Compliance Consultancy

Case Study
GVA GRIMLEY

Overview: GVA Grimley is a leading property consultant providing a comprehensive range of property solutions to UK and international owners, occupiers, investors, lenders and developers. They have one of the strongest regional networks in the property sector providing a national outlook combined with a local service delivery. Their teams work together to provide a full range of property-related services including agency, planning and urban regeneration, development, building consultancy, investment, property management, project management, valuation, business rates, lease renewals and rent reviews. The group's turnover for the year was £137.3 million of which £118m was from core professional services. OHS have worked with them for many years in a variety of roles including CDM and Asbestos Management. Both companies have similar philosophies, a professional approach and extensive service knowledge.

Sample Project; The latest collaboration between OHS and GVA Grimley is at Princes Quay which is located in the centre of the historic city of Hull. With over 70 shops on three decks featuring top stores and the leading brands Princes Quay is one of the most exciting and scenic shopping centres in the country combining a fantastic shopping and eating experience plus the Vue Cinema with its 10 screen all digital multiplex. The development is ongoing and OHS are involved in the Asbestos Management including the buildings to be demolished for the next constructional phase. The CDM work involves the whole centre.

Community Connections; OHS work very closely with GVA Grimley and are involved with them on a variety of community schemes including aid to various charities and working with university Business Schools on sustainability research and data retention and project systems.
