

Health Safety and Environmental Management The Compliance Consultancy

Health Safety and Environmental Management The Compliance Consultancy

Case Study
Rank Group plc

Health Safety /Asbestos Management

Overview: Rank Group plc is one of Britain's largest leisure groups. The company is very environmentally conscious in all its policies. OHS were chosen to work with them because of the synergy in the policies of the two organisations and because of their service knowledge and professionalism.

The contract is nationwide across the **Mecca Bingo** and **Grosvenor Casio** brands. The project falls within Ranks health and safety portfolio with particular emphasis upon asbestos management and HSE compliancy – vital for a multi-site operation with a wide range of properties.

Project duration: On going

The OHS Role: :

- Formulate detailed Asbestos Policy and Management Plan
- Supervise In-House Team to monitor – develop – manage
- Review Client Procedures
- Provide expert – practical advice to achieve compliance
- Undertake Risk Assessments in accordance with HSE and Asbestos Regulatory Body demands
- Advise Action Plan
- Implement – Manage remedial works identified
- Consultative advice including system reviews and site services
- On going Training all appropriate staff
- Database housing, marking and detailing of results
- On going auditing
